C. ODEN  
Patristic  
Studies  
INSTITUTE

## AIM

The Thomas C. Oden Patristic Studies Institute (TOPS) is an international study centre based in Jerusalem, introducing university-level students with an interest in Christian thought and Judeo-Christian heritage to Late Antiquity including the Patristic writings.

Students discover the significance of that legacy to the churches in the Middle East and their association to Africa, Asia, and the Western world today.
